CARRIE TABLE LAMP, PORTABLE  
Designed by *Norm Architects*

CARRIE TABLE LAMP, PORTABLE  
Designed by *Norm Architects*

With a sleek, functional handle and a warm orb of light nestled gently in a basket-like base, the Carrie Portable Lamp is useful anywhere. With the same sleek, functional handle and a warm orb of light nestled gently in a basket-like base, the Carrie Portable Lamp is useful anywhere. Crafted in glass and metal – with a plastic base version available for outdoor use – it is offered in a range of four beautiful colours conceived with freedom and flexibility in mind. The cordless design comes with a concealed USB charger at its base for easy charging – wherever you are. The warm, ambient light is adjustable to three settings, and fully charged it will stay on for ten hours.

*About the Designer*

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. The name, Norm Architects, reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce a design that unites materials and craftsmanship, while embodying beauty, history and, most importantly, timeless simplicity, where there is nothing more to add or take away.
